# Corporate Circle of Excellence

The Corporate Circle of Excellence is comprised of a group of organizations who recognize the profound impact of parental illness on children, families, and our community, and choose to directly support the mission of Wonders & Worries. This giving opportunity allows companies to celebrate having a great quarter or year by making a donation to Wonders & Worries and positively impacting their community outside of event sponsorships. Additionally, organizations can use this partnership as a resource in times of strife for their employees and their families. We are very grateful to our amazing members whose donations allow us to fund new initiatives and help more children and their families. Our goal is that within three years, we will be able to provide support to any family in the United States who is struggling with parental illness. This goal can be achieved with the help of generous donors like you.
